

**BOARD OF EDUCATION  
School District #33 (Chilliwack)**

---

**229  
POLICY  
Trustee Electronic Communication**

---

The Board of Education believes that for trustees to fulfill their responsibilities and obligations they require current electronic communication with each other and the educational leaders in the district.

1. The school district shall provide trustees with a computer and printer which are the property of the school district and shall be returned at the end of the trustee's term of office.
2. The installation, set-up, maintenance and operational costs are the responsibility of the school district.
3. Trustees shall receive \$600.00 per year to help offset external communication fees associated with their responsibilities.
