

Chilliwack School District  
*"Partners In Learning"*

## **POLICY 521**

---

### **CHALLENGE FOR CREDIT**

The Board supports the purpose of challenge for credit as it enhances the educational opportunities for students in their secondary school years and allows students to fulfil their individual learning plans. It is intended that challenge will be a rigorous process that will permit students to obtain full credits for a grade 10, 11 or 12 course without having to take the course because they have already acquired the appropriate learning elsewhere.
