

Chilliwack School District  
*"Partners In Learning"*

## **POLICY 525**

---

### **SUPPORT FOR STUDENT EDUCATION PROGRAMS BY OUTSIDE AGENCIES AND CERTIFIED PROFESSIONALS**

The District supports the Inter-Ministerial protocols between government Ministries for the collaborative provision of services for students by public health nurses, physical and occupational therapists, and other appropriate certified professionals.

As well, the District values and welcomes the input of outside certified professionals to provide support, advice and assistance to the classroom teacher and the school based team who work with the parents/guardians to develop the student Individual Education Plan (IEP).

Under certain conditions, outside certified professionals may observe students in the educational setting. As well, under certain conditions, School District employees may observe students in the home or therapeutic settings outside the school.

Normally, outside private professionals do not provide direct service to students within the school.
