

**BOARD OF EDUCATION
School District #33 (Chilliwack)**

**623
POLICY
Student Field Experiences**

The Board supports student field experiences that have educational value, enhance students' learning and are designed with safety as a priority.

The Board expects that every possible effort will be made to include all students regardless of the challenges they face.

The Board recognizes three types of student field experiences:

- Curricular;
- Co-curricular / extra-curricular;
- Travel for educational growth

Approval for each experience shall fall under one of the three categories:

- Routine
- Special
- Unique

District employees may only recruit students for a student field experience that relates to an authorized Ministry of Education instructional program offered by their school or the district.
