

Chilliwack School District  
*"Partners In Learning"*

## **POLICY 911**

---

### **COMMUNITY SCHOOLS**

The Board endorses the concept of community education and encourages and supports the development of community schools in appropriate areas of the school district.

Objectives of community schools should include, but are not limited to the following:

- use schools as lifelong learning centres
- promote equitable and accessible educational opportunities for children, youth and adults
- use school, district and community resources to enrich services to children, youth, families and the community
- improve community relations and community development
- strengthen inter-agency cooperation and coordination
- recognize and respond to identified community needs
